Rules:

1. No pet blankets, fishing clothes and carpets.
2. Laundry, wet or dry, will be weighed before using the machines. Maximum weight will be 6kg. Please do not overload the machines.
3. If Laundry consists of big items, e.g., blankets, linen, jackets, duvets, etc., the size will determine the load and not the weight.
4. A too big wash load will not wash the items properly and will take too long to tumble dry.
5. One tumble dry should be enough for a 6kg wash load. Should it not be dry after one tumble dry, extra costs will be charged.
6. Should you need extra detergents, you can supply your own or be charged for if we have it available.
7. The Laundromat is open to the public Monday to Friday from 8:00am to 4:00pm and Saturday from 8:00am to 2:00pm. Please collect your washing during these times.
8. Please leave it clean and tidy and remove the “fluff” from the tumble driers.

Thank you
